## WHITE RANGER

The White Ranger possesses a combination of formidable martial arts skills and extreme sensitivity. After losing his Green Ranger powers, Alpha 5 and Zordon devised a secret plan to bring him back as the White Ranger with even more power than ever. He calls on the power of the Tigerzord and with the help of the mighty Talking Tiger Saber, Saba and with his powerful White Tigerzord, he is ready to take on Zedd's monsters.

## RED RANGER

The Red Ranger is an outgoing, charismatic teen who the Power Rangers can count on for his bravery and strength in a fight. To morph, he calls on the power of Tyrannosaurus Rex. His weapon is the Power Sword and his mighty zord is the Red Dragon Thunderzord. He also pilots the Thunder Megazord when it is fully assembled.

## PINK RANGER

The Pink Ranger has boundless energy and vitality. She combines her skills as a gymnast with martial arts to fight and flip her way out of any situation. Her mighty morphin power comes from the Pterodactyl. She uses the Power Bow as a weapon and is the pilot of the Firebird Thunderzord.

### LUMITOR

Created by Lord Zedd, Lumitor is half fire, half tiger and all bad. His sole purpose in life is to serve Lord Zedd and destroy the Power Rangers. His fiery mane and nasty disposition make him ideally suited for the task and his touch can reduce a granite rock to cinders. He has but one weakness, and only he knows what that weakness is.

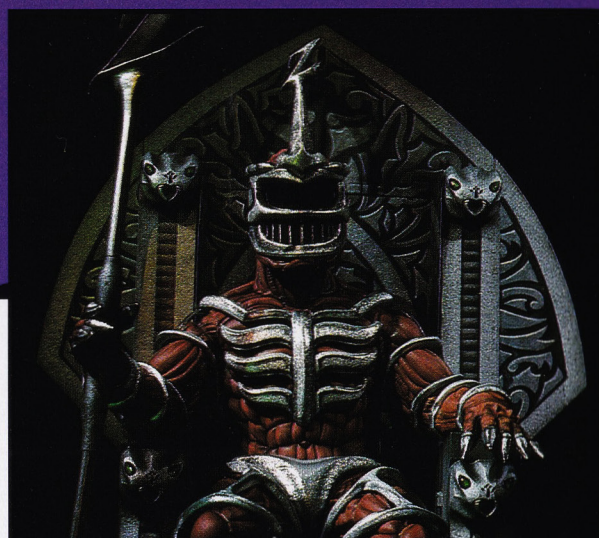

### BABOO

Baboo is a simpering space simian, if there ever was one. A reject from the planet of the apes, Baboo serves as Lord Zedd's cheerleader ...and permanent scapegoat. He is hyperactive and is constantly whimpering, shrieking and kissing up to Zedd, who barely tolerates him.

### THE PUTTY PATROL

This group of mindless clay creatures was created to serve Rita Repulsa in her conquest of the galaxy. The putties appear when needed out of small balls of clay. Once they are full-sized, they fight aggressively, viciously and stupidly. But what they lack in smarts they make up in numbers...they just keep going and going and going...

### LORD ZEDD

Lord Zedd is a towering, well-muscled fiend with a blood-red exterior and razor-sharp body armor who comes from a distant galaxy which he rules with total evilness. Now he is determined to crush the Power Rangers and become dictator over this galaxy, reigning totally in iron-fisted terror. He is nasty, loud, arrogant and impatient, and he definitely has no sense of humor. He has enormous strength, powerful magic, a cruel vengeful nature and short temper. He creates monsters by forcing his evil into common earthly plants and animals, turning them into malevolent destructive forces out to destroy the Power Rangers.

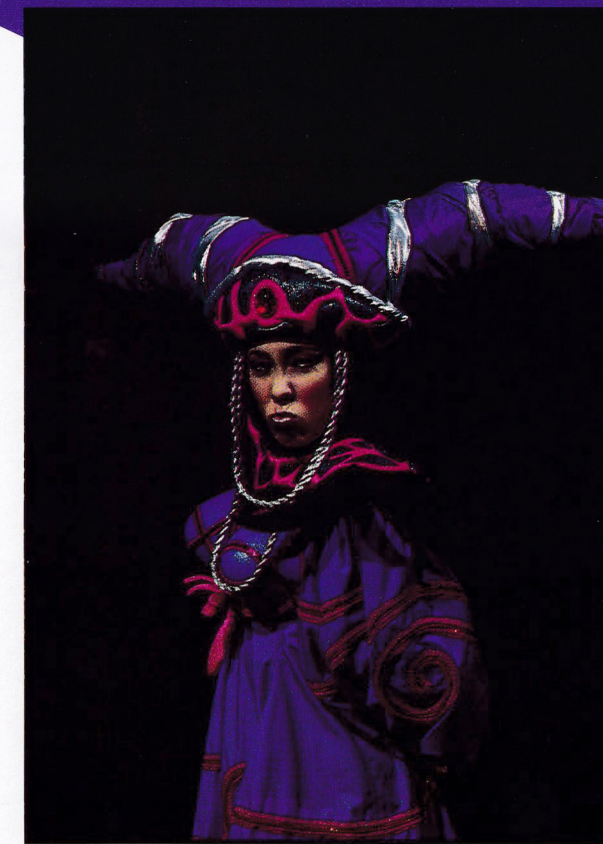

### GOLDAR

Goldar has grown from being a boisterous monster to being a full-fledged bad guy. Lord Zedd has allowed him to remain after Rita's downfall because Goldar is the only one of the group who has nearly succeeded in defeating the Rangers. He is loud, perpetually angry, mean, cold and vicious... and those are his good qualities.

### SQUATT

Squatt is a strange sort of being. He is half wart hog, half blueberry, with a brain the size of a peach pit. He is highly excitable and loves a good fight. He has an irritating habit of giggling all the time which annoys Lord Zedd and causes him much grief. As with most fools, Squatt thinks that he is intelligent, though he has the intelligence of a caraway seed.

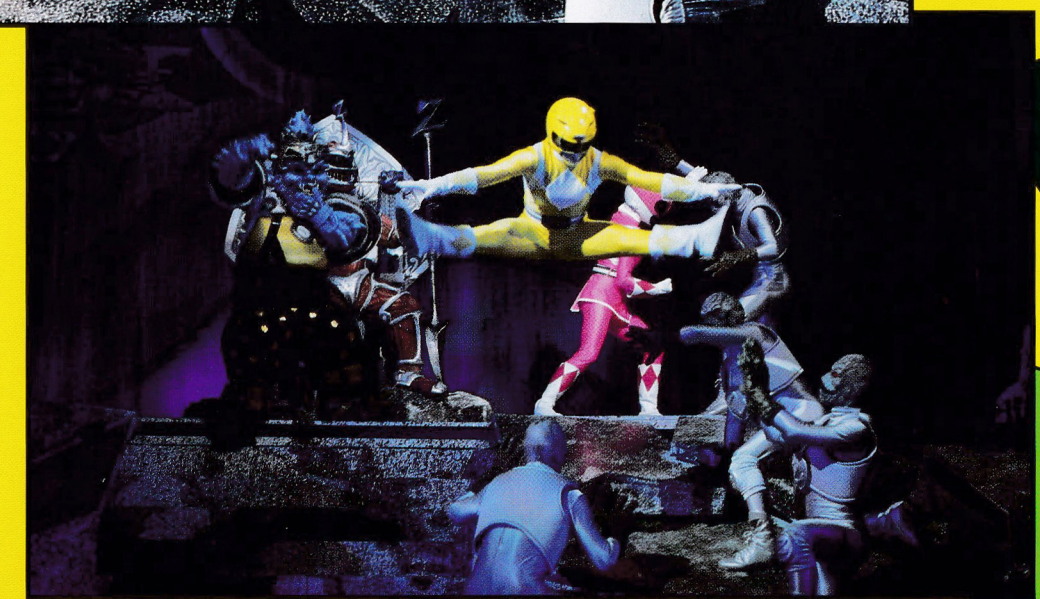

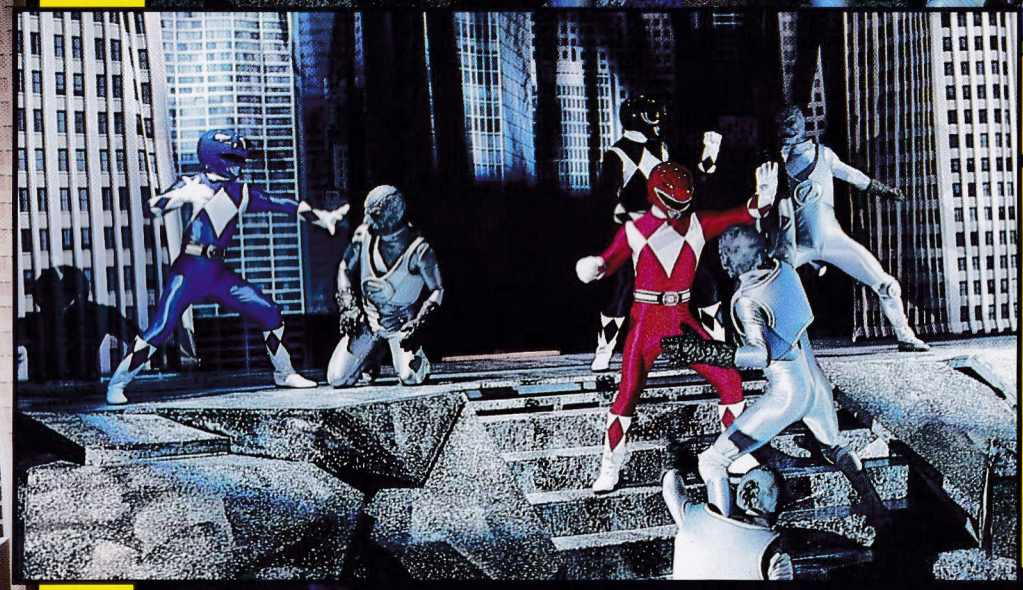

### RITA REPULSA

Recently Rita was shrunk to miniature size and put back in a dumpster by Lord Zedd, who became frustrated with her ineptness and inability to destroy the Power Rangers. Rita is a mean, nasty, vengeful and spiteful creature who is also vain. She now spends most of her time trying to figure a way out of her confining situation.

# MIGHTY MORPHIN POWER RANGERS

## BLUE RANGER

The Blue Ranger's intelligence and loyalty make him a vital member of the Power Rangers. He is courageous in battle, using his brains as well as his body to fight the forces of evil. He draws on his morphin power from Triceratops. His weapon is the Power Lance and his mighty zord is the Unicorn Thunderzord.

## YELLOW RANGER

The Yellow Ranger is a bubbly, fun-loving teen with a passion for fashion. She can hold her own in any battle with her amazing skills. When its morphin time, she draws on the power of the Saber Tooth Tiger. Her weapon is the Power Dagger and she commands the Griffin Thunderzord.

## BLACK RANGER

The Black Ranger is a sensitive, intuitive teen who possesses great inner strength and incredible martial arts ability. When he needs to morph, he calls on the power of Mastodon. His unique weapon is the Power Axe and when the going gets tough, he is the commander of the Lion Thunderzord.

IT'S MORPHIN TIME!
